### Mortgage Rates Hit 3.13%

If you owe less than \$729,000 on your mortgage, you probably qualify for the President's Making Home Affordable Program. With rates lower than they've ever been, there has never been a better time to refinance. If you are a homeowner and you haven't looked into refinancing recently, you may be surprised at how much you can save.

#### Quality Service at a reasonable price. Highly recommend

August 2nd, 2010 Marina, Calif.

I phoned Precision Electric early this morning to have an outdoor lamp placed on our Home. The young Man and Owner of the business showed up within an hour of my phoning. The old fixture was rusted and in bad shape dangling from wires. He removed it the old fixture and cleaned up the Box. Then he installed the New Lamp fixture and adjusted the position of each light. He did a very excellent job and was very neat with everything.

My Family and I would use him again and recommend him to anyone here in Marina or the Monterey Peninsula.

Great Job.... Lee from Marina...
